

Composing With Kids Scavenger Hunt

Name _____

Search the Composing with Kids app to find the answer to each question. Write your answer in the space provided.

Visit: <https://makingmusicfun.net/composing-with-kids/>

1) How do you add a note?

2) What happens when you stretch a note to make it longer? (Click Play to find out.)

3) What happens when you move the note higher? (Click Play to find out.)

4) What did you find when you clicked the Learn button?

5) What did you find when you clicked the Question Mark button?

6) How many instrument sounds can you choose?

7) How do you copy and paste music?

8) How do you erase one note?

9) How do you erase everything and start over?

10) What are the slowest and fastest tempos (speeds) you can choose?

11) What does the Swing slider do? (Fill 16 boxes with the shortest notes and find out.)

12) How many measures are in your song after you click the Measures + button once?

Bonus Challenge:

Compose your own song. Try the *Hot Cross Buns Remix* lesson. Share it with someone in your class!
